WIRE BRUSHES

Flexovit's wire brushes are made with the highest quality carbon and stainless steel wire which provides the fastest most efficient brushing on production work. The range of wire styles which include knotted, crimped, beaded, or full cable twists, allow the user to select the right wire type in conjunction with the amount of cleaning and finishing that needs to be accomplished.

End & Wheel brushes For Cleaning & Conditioning

DIAMOND ABRASIVES

Flexovit's Diamond Blade program will compete in any intense application requiring long life and superior product performance. The blades are made with the latest laser welding and brazing technologies. Whether the application is brick, block, asphalt, porcelain, ceramic, ductile iron, granite, marble, wood or rebar, Flexovit has a blade that will complete any job.

Metalator For Cutting Only

Ferrous & non-ferrous metals, Plastic, PVS, Wood, Ceramic & Masonry Materials

Cup Wheels & Tuck Pointing Blades For Grinding, Blending, Finishing For Mortar Grinding

Concrete/Masonry, Mortar

Small Diameter & Tile Saw Blades For Cutting Only

Porcelain Tile, Ceramic Tile, Glass

Large Diameter Diamond Blades For Cutting Only

Concrete/Masonry, Asphalt, Green Concrete, Ductile Iron Pipe, Metals, Rebar, Brick, Block, Granite, Marble

BONDED ABRASIVES

Flexovit offers a full line of bonded abrasives. Whether you are removing weld beads, cutting sheet, pipe, channel, angle or other profiles; finishing stainless or carbon steel or snagging and cleaning castings. Flexovit has the right wheel for the job.

Depressed Center Grinding Wheels Type 27, Type 28, ET - For Grinding Only

Metals, Stainless Steel, Aluminum,
Foundry/Iron, Concrete/Masonry

Depressed Center Combination Wheels Type 27 - For Cutoff, Notching & Grinding

Metals, Stainless Steel, Aluminum, Pipeline,
Foundry/Iron, Concrete/Masonry

Depressed Center Cutoff Wheels Type 27 - For Cutoff Only

Metals, Stainless Steel, Pipeline,
Concrete/Masonry

Thin Depressed Center Cutoff Wheels Type 27 - For Cutoff Only

Metals, Stainless Steel, Aluminum

Semi-Flexible Wheels Type 27, Type 29 - For Grinding & Finishing

Metals, Stainless Steel, Aluminum,
Concrete/Masonry, Stone

Flaring Cupstones, Plugs, Cones & Capstone Type 11, 16, 17, 18, 18R & Capstone

Metals, Stainless Steel, Aluminum,
Foundry/Iron, Concrete/Masonry

Bench Grinder Wheels Type 1 - For Grinding Only

Metals, Stainless Steel, Aluminum, Brass,
Bronze, Masonry

Mounted Points For Grinding & Finishing

Metals, Stainless Steel

Hand Rubs & Floor Stones

Concrete, Stone, Brick, Terrazzo

Small Diameter Abrasive Wheels Type 1 - For Cutoff, Notching & Grinding

Metals, Stainless Steel, Alloys

Thin Angle Grinder Cutoff Wheels Type 1 - For Cutoff Only

Metals, Stainless Steel, Aluminum,
Sheet Metal

Circular Saw Wheels Type 1 - For Cutoff Only

Metals, Stainless Steel, Sheet Metal,
Concrete/Masonry

High Speed Gas & Electric Saw Wheels Type 1 - For Cutoff Only

Metals, Stainless Steel, Concrete/Masonry, Railtrack,
Sheet Metal/Decking, Ductile/Cast Iron, Asphalt/Green Concrete

Chopsaw / Mittersaw Wheels Type 1 - For Cutoff Only

Metals, Stainless Steel, Aluminum, Drywall Stud

Stationary Saw Wheels Type 1 - For Cutoff Only

Metals, Stainless Steel, Tube,
Iron, Nonferrous

Walk Behind Concrete Saw & Masonry Saw Wheels Type 1 - For Cutoff Only

Cured Concrete, Asphalt, Green Concrete,
Brick, Block

COATED ABRASIVES

If your job requires stock removal, deburring or finishing, Flexovit's Coated Abrasive line has a full offering of products in a wide range of grits for use in any application. These include products and sizes for use on angle, die, vertical and bench grinders as well as belt, file and floor sanders.

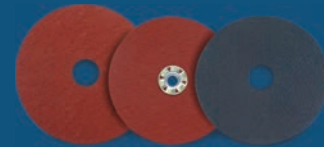

Flap Discs

Type 27, Type 29 - For Grinding, Blending & Finishing

Metals, Stainless Steel, Aluminum

Resin Fiber Sanding Discs For Grinding, Blending & Finishing

Metals, Stainless Steel, Alloys

Quick-Change Sanding Discs For Sanding & Finishing

Metals, Stainless Steel

Sanding Belts For Sanding & Finishing

Metals, Wood

Flap Wheels For Cleaning & Finishing

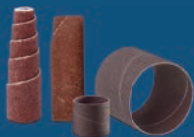

Metal, Stainless Steel

Sandpaper, Shop & Plumber Rolls, Waterproof Mesh Screens

Metals, Stainless Steel, Wood

Specialty Coated Abrasives For Grinding, Deburring & Finishing

Metals, Stainless Steel

Floor Care Products For Sanding & Finishing

Floors

Carbide Burs

Flexovit's precision ground solid tungsten carbide burs deliver an excellent tool for use in hard to reach areas or confined spaces. These rotary tools are ideal for shaping and enlarging holes, and rapidly removes welds and smooths castings. The burs are manufactured in a variety of shapes, sizes, and cuts, making it nearly impossible not to find the right tool for the job.

Carbide Burs For Grinding Only

Metals, Stainless Steel, Aluminum
Nonferrous

Non Woven Abrasives

Flexovit's Non Woven abrasives are made of the highest quality material and offered in a broad mix of products, sizes and grades. Operational in an assortment of mounting systems, Flexovit's non woven abrasives are perfect for deburring, cleaning, blending and polishing on multiple materials in a series of applications.

Phazer

Type 29 - For Light Grinding, Blending & Finishing

Metals, Stainless Steel, Aluminum, Plastic
Wood, Fiberglass and Concrete

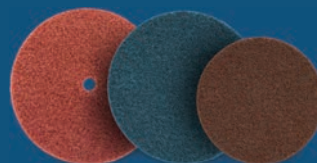

Clean & Strip Discs

Type 1, Type 27 - For Cleaning, Conditioning & Stripping

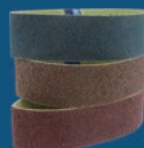

Metals, Stainless Steel, Plastic

Surface Conditioning Discs For Blending & Finishing

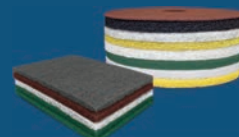

Metals, Stainless Steel

Surface Conditioning Belts For Sanding, Finishing & Light Deburring

Metal, Stainless Steel

Nylon Floor Pads & Hand Pads For Stripping, Scrubbing, Buffing & Polishing

Floors, Metals, Stainless Steel, Plastics
